*This is an advanced diversity elective for MSW students

** Students with previous experience in research or sufficient research credits may apply that knowledge in two ways to achieve credit: 1) Applied Project course, wherein they will design a research project related to trauma/death studies, or 2) work with a faculty member as a research assistant on a related project approved by the CTB directors. Students without sufficient research credits (graduate or undergraduate) will participate in an internship during the course of the semester in a related agency.

There is a \$500.00 one time program fee if you are accepted into the CTB program
